

LETTER OF ANNOUNCEMENT
New EMVO Webcast Series Episodes

10th July 2023

EMVO is excited to share two new episodes of the *EMVO Webcast series* – a series of remote training sessions and webcasts aimed at providing you with useful information on a diverse set of topics related to the EMVS.

The first episode, "[PC Transfer Webinar](#)", focuses on the process to follow when your company is facing a **divestiture and acquisition (D&A) scenario** and needs to transfer a product code ownership in the EU Hub. From the request initiation to its execution, it is an excellent companion to the [OBP Divestiture & Acquisition Guide](#).

The second episode, "[EMVS Alerts Webinar](#)" provides an insight into the different alert categories, their main root causes and best preventive actions.

Do you want to see a particular topic in the next *EMVO Webcast series* episode? Please indicate it in this [survey!](#)
